

Supplementary Figure S1

Supplementary Figure S1 – Whittaker climate–space distribution of the current FLUXNET network for three fluxes: net ecosystem exchange, gross primary productivity, and total ecosystem respiration

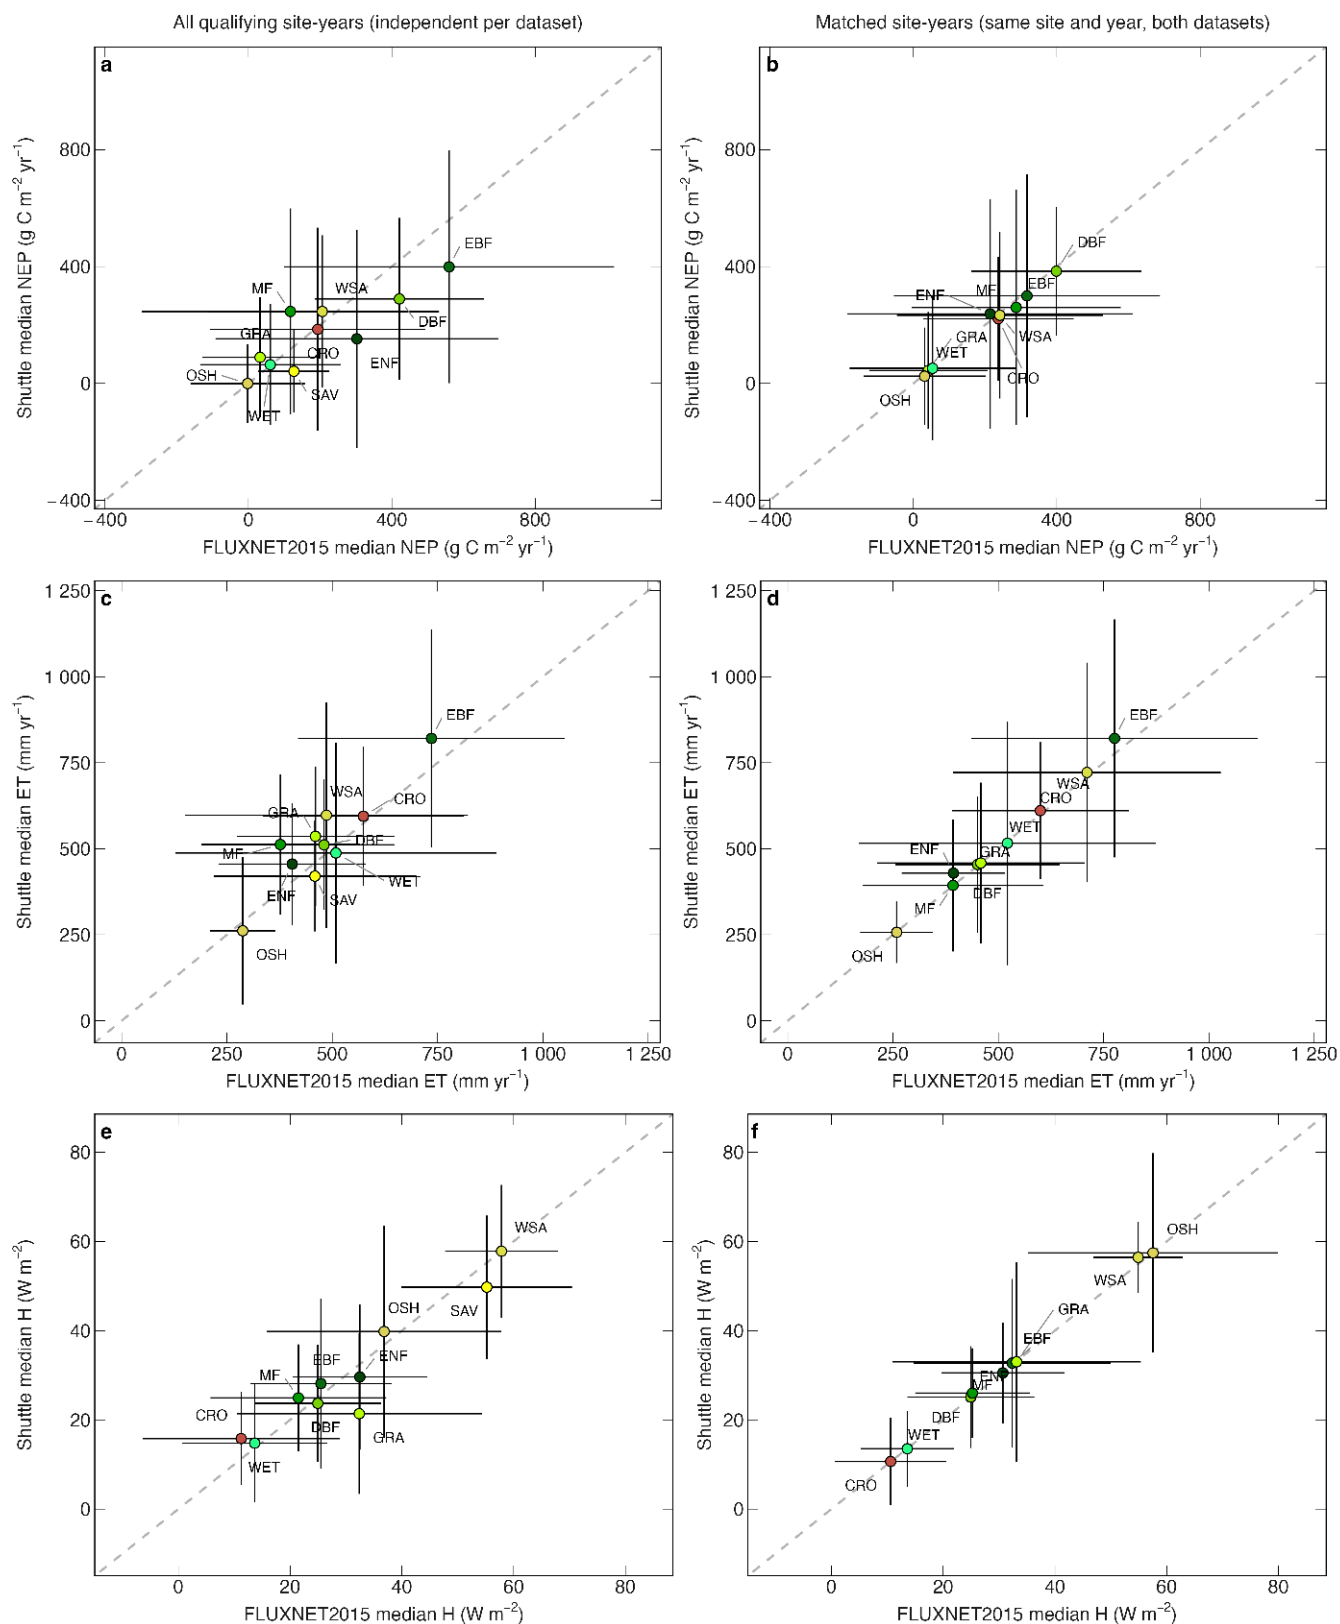

Supplementary Figure S2

Supplementary Figure S2 – FLUXNET2015 vs. current FLUXNET Shuttle per-IGBP-class median flux comparison, restricted to matched site-years

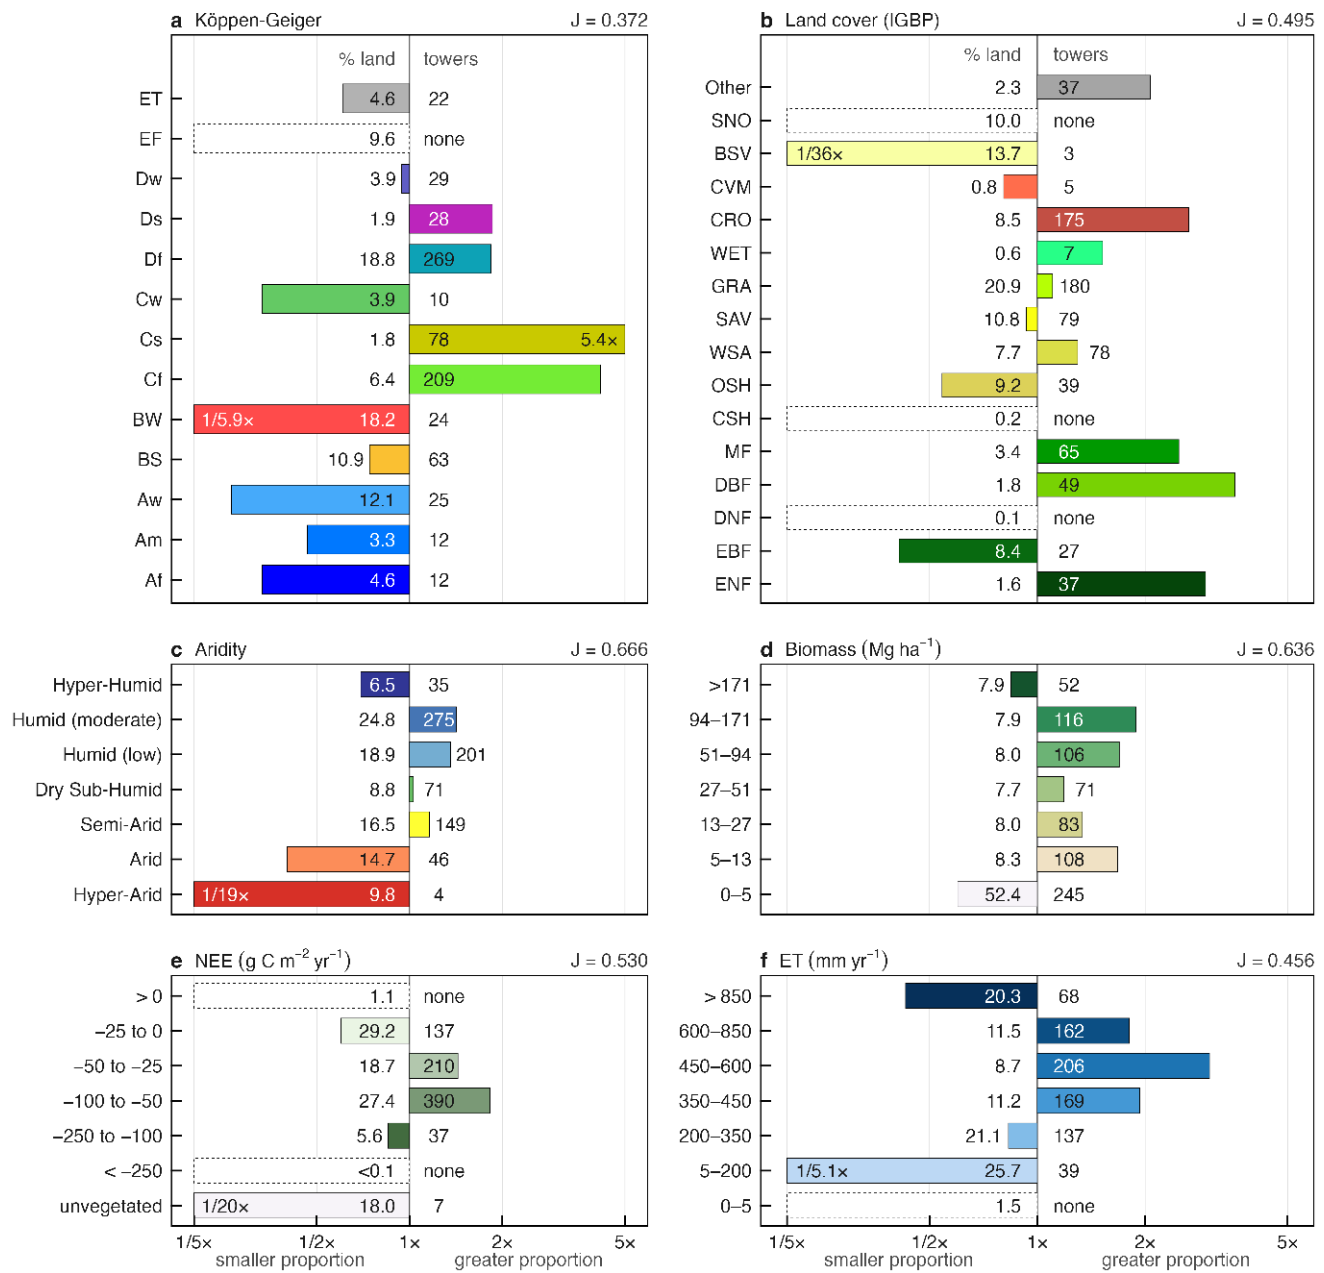

Supplementary Figure S3

Supplementary Figure S3 – FLUXNET2015 vs. Shuttle per-IGBP-class median flux comparison, all qualifying site-years vs. matched site-years, side by side

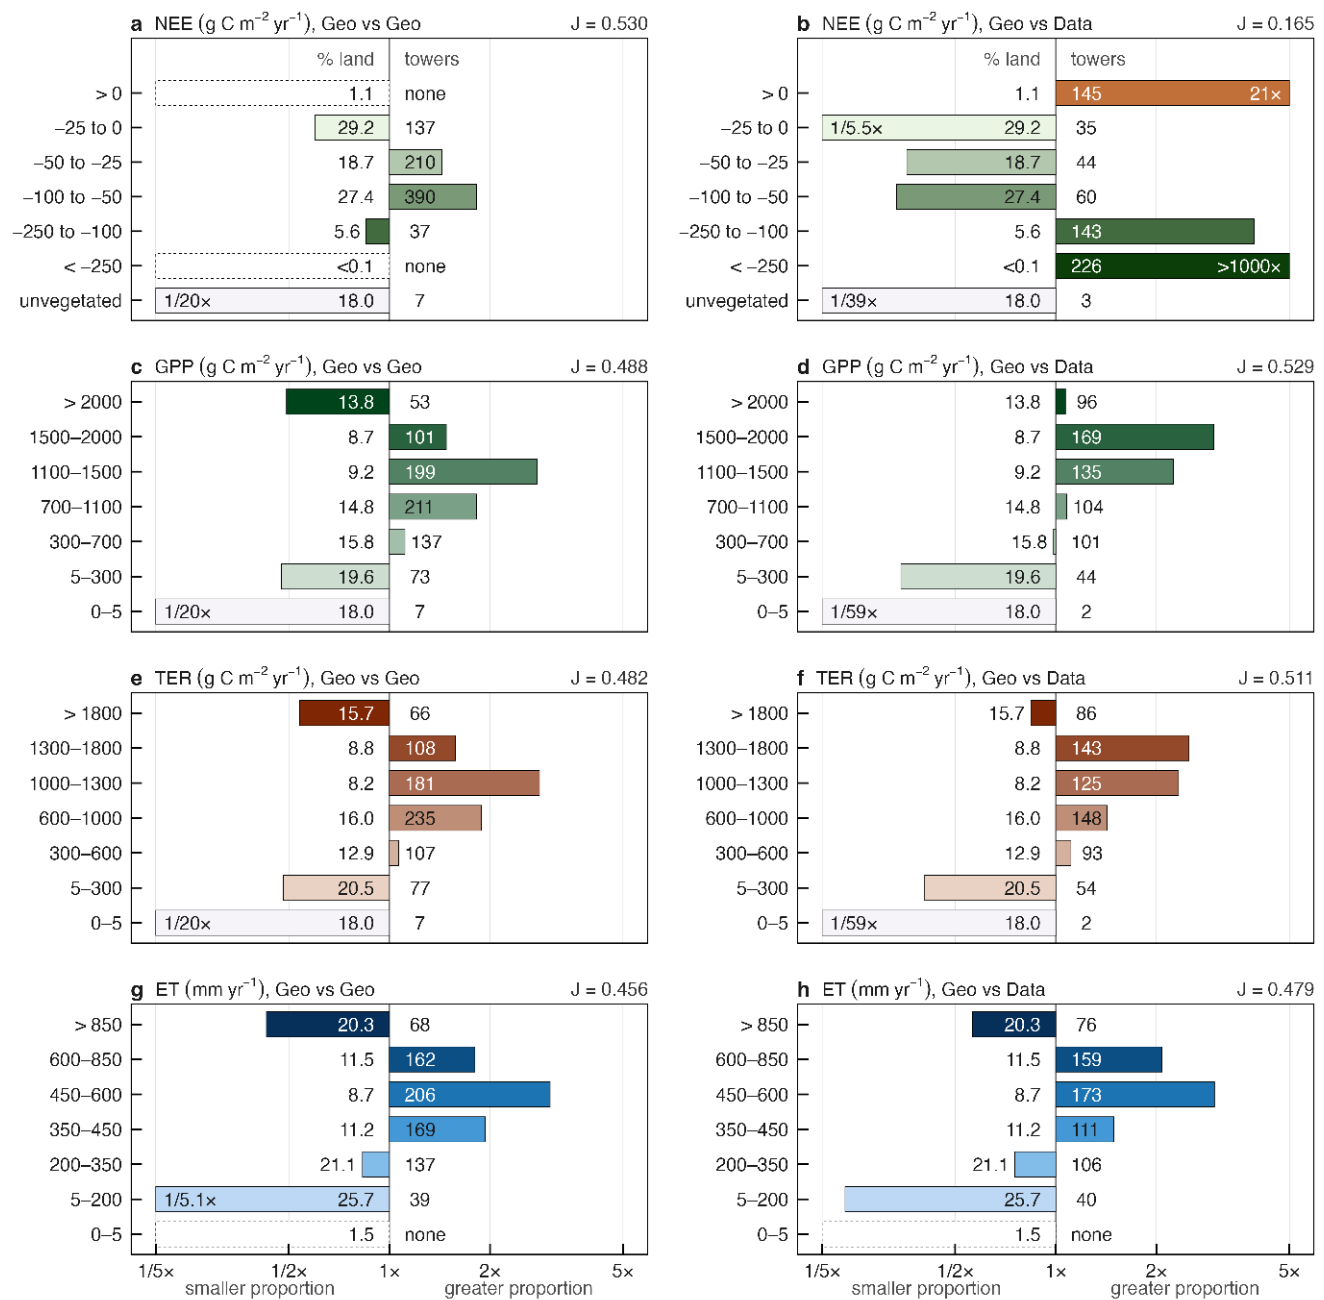

Supplementary Figure S4

Supplementary Figure S4 – Representativeness of the current FLUXNET network (n=781), Geo vs Geo

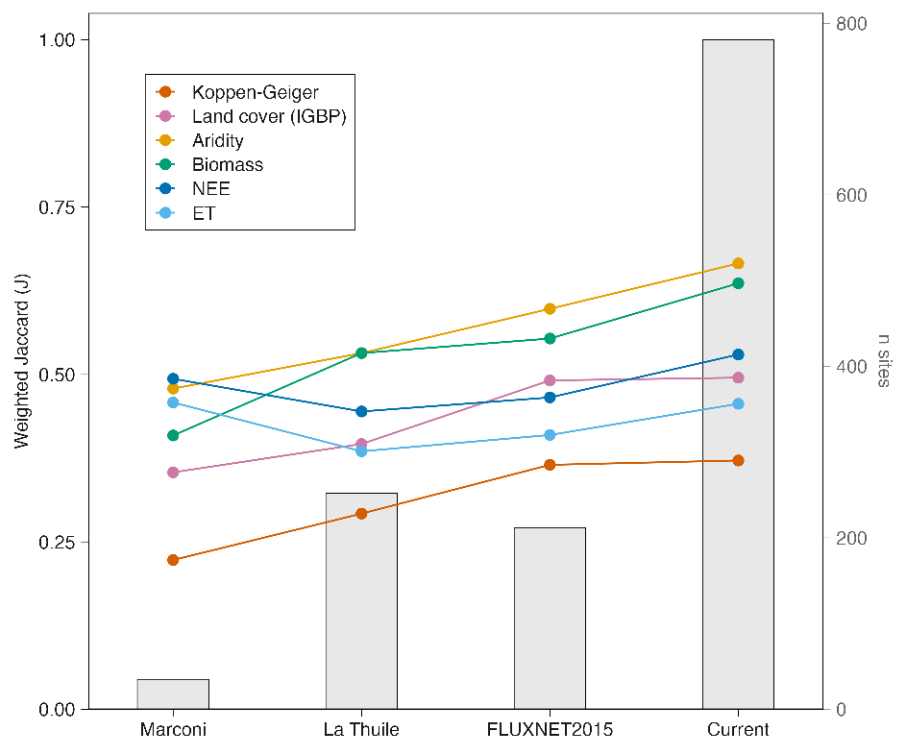

Supplementary Figure S5

Supplementary Figure S5 – Representativeness of the current FLUXNET network (n=781), fluxes

Supplementary Figure S6

Supplementary Figure S6 – Geo vs Geo representativeness through time

Supplementary Figure S7

Supplementary Figure S7 -- Record length of the current network and across FLUXNET collections
